

# FOR SALE

## THAMES (NZ) BEEF SLAUGHTER PLANT & EQUIPMENT

Tekam Engineering Ltd and Rolton Ltd offer for sale on behalf of the owners, the complete plant and equipment from the Thames, (NZ), beef slaughter plant.

**Tekam can provide both Beef and Mutton in various forms:**

- **Equipment package for despatch**
- **Existing layout full kit set for reinstall**
- **Re designed layout full kit set for reinstall**

**Full design, documentation and reinstall can be provided by Tekam.**

Although the plant ceased commercial operation approx. 12-14 years ago, it has been well maintained and run every month to ensure it was in operationally sound condition. Prior to that was part of the Wallace Corp meat division, processing at an average of 35 per hour cow, prime ox, and bull.
